Hi Norma. I will give you the listings I have.

Trump National Golf Club (maintenance) – Michael Bolles at mbolles@trumpnational.com heads up the maintenance with Angel Murillo an assistant at amurillo@trumpnational.com with a phone number of 310-916-1522 (not sure if it still active). It is probably best to go through Michael first, though if it is urgent, then you can sometimes reach Angel more quickly.

Terranea Resort (maintenance) – Phillip Martiens at pmartiens@terranea.com with a phone number of 310-265-2715 (not sure if this is still accurate).

Miraleste Park District -- #19 Miraleste Plaza, Rancho Palos Verdes, CA 90275; 310-831-8323.

PCN (Preserve Information Line phone service) – 800-576-1123 with our account number D15775. The Preserve Information Line number itself is 310-491-5775 and we have two pre-recorded options for our outgoing message: "Day Greeting" that states Preserve is open and a "Night Greeting" that states Preserve is closed due to rain. We must call their office, identify our account number and request any change of the outgoing message. Switching greetings may take their office an hour or more to make the change.

Also, if you don't already have it, here is the contact for the school district (fields next to Forrestal Reserve). Kris Stafford at Stafford@pvpusd.net
Also, the South Bay Archery Club – this is an old contact so I don't know if is still active: Tom Sondej at 248-891-4551 or trsondej@hotmail.com

Subject: OSM Emergency Contact Doc.

Hi Dave,

When you are able, could you please provide the contact number and name for the following four items below, or direct me to someone who might have the contact info.? Rangers have almost finished the OSM emergency contact document.

Maintenance Trump Golf Course
Maintenance Terranea
Miraleste Contact
PCN info line phone service

Thank you,

Norma Saldaña
